Gentle Hands seeks Lighthouse Manila Club's hand

Our club's get-together party last April turned out to be another opportunity for us to extend our support as we were privileged to have Ms. Charity Graff's presence. Ms. Charity Graff, who is so aptly named, is the CEO of a Christian humanitarian agency here in the Philippines called Gentle Hands.

Gentle Hands is a child and youth welfare agency meant to be on the frontlines of rescue and rehabilitation of the medical, social, and educational needs of at-risk children and youth, working towards improving human community life through the love of Jesus and family-centered care.

Through *Jason's Home*, Gentle Hands exists to provide short-term care rehabilitation services, including basic education, nutrition and general health care to children in physical danger, those severely ill, malnourished, abandoned or in other crisis situations as a result of poverty, uncaring family environment and other related problems until such time as they can be re-united with their family, transferred to another care facility or placed in foster or adoptive homes.

Through the *DAVID Boys Residential Program*, Gentle hands provides rehabilitation and/or long-term care and education to marginalized children and youth, including those who are orphaned, abused, neglected, drug-users and out-of-school.

At present, they are accommodating twenty-six boys. They had just renovated the second floor of their building to be the much needed classrooms. Now they are lacking in sleeping quarters. They intend to rebuild a fourth floor to become the boys' living quarters, with four dorm rooms, a sala, a kitchen and a laundry area. They have already checked and verified their building's capability and are just awaiting the release of the approved building permit.

In this regard, Ms. Charity is seeking our club's support. We, who pride ourselves in the construction industry, can definitely offer our own gentle hands in this wonderful enterprise.

You can know more about Gentle Hands and their work at www.gentlehands.typepad.com.

ACONEX sponsors April Get-Together

ACONEX, one of Lighthouse Manila Club's gold members, once again made its presence felt as it sponsored the April Get-Together at Murphy's. Carey Jack of Aconex proudly introduced their company and restated their support to the Club's projects and ideals. Freebies were handed through-out the night and a fun raffle was held for a premium red wine.

Also in this event, Mrs. Charity Graff introduced Gentle Hands, a Christian humanitarian agency here in the Philippines, which she currently heads. Gentle Hands is a child and youth agency meant to be on the frontlines of rescue and rehabilitation of the medical, social and educational needs of at-risk children and youth.

What is Aconex?

Aconex is an online information management service providing solutions for the construction, resources, and property management industries. We have designed a fast, easy to use and secure system for you to share, track and archive project documentation and correspondence. Being web-based, project participants have the freedom to view information at work, on site, at home or from the other side of the world. Designed and built by industry experts, Aconex is an intuitive system that integrates correspondence, document control, workflows, tenders and contracts. Additional services such as sitecams and archive CDs are also available.

How does it work?

All your project information can be accessed from a single secure source on the internet. The information you use - mail, drawings, faxes and documents - can all be viewed from this one central location. No more couriers. No more disputes over document versions. Your team can collaborate from separate locations, and your consultants and contractors are always on the same page. Your information is always secure because you still manage all documentation, just as you have always done. You can choose who needs access to the files, it's that easy. You are free to get on with the job at hand, managing your project.

For more information check out their website at www.aconex.com or you can contact **Ms. Mina Salud** through mobile phone no. 0917-8828010 or e-mail her at msalud@aconex.com
