Lighthouse Club's Blast in August

Forty-three individuals flocked to the monthly get together at Murphy's Bar in Makati last August 27, 2006. They were not just the old familiar faces. Fifteen of them were there as guests. Great food, lots of beer and generous laughter flowed from early evening onwards. The laughter none more obvious than in Miguel and Angel Manzano's group.

This get-together marked the official release of the club's newsletter which will now be a quarterly publication. Kudos' to **Aconex** for spearheading the newsletter project.

As always in any of our gatherings, charity plays a big part. This time it's via the Football Card; wherein members can pick any two football teams in the card for 50 pesos per team. Whoever chooses the team hidden under the scratchable portion of the card, will take home half of the total pot money. The rest will go to the charity works of the club.

Mr. Carlo Jalandoni of *Scanwell Logistics, Inc.* picked Chelsea and came out the winner. But truly, charity was the real winner as Carlo donated all of his winnings to the club. Many thanks Carlo! See you all at the next event.
